PASSAGE 1

East End Mall has fewer large department stores than most malls but instead features more than 200 small speciality shops. The few remaining vacant stores will be filled as soon as the mall's owners find proprietors who fit the mall's image.

One factor which contributed to the immediate popularity of East End Mall was that all of the stores remain open from 9 a.m. until 10 p.m., Monday through Friday. This favorable start has certainly been capitalized on thanks to such features as its being the only shopping center in the area to provide free baby-sitting for children from two to ten years old and its offering restaurants to suit every pocket, with the possible exception of the highly budget-conscious. Furthermore, as far as movie entertainment is concerned, East End Mall tops Westgate Mall, which looked very impressive when it opened last year, with four movie theaters.

Add to all this the fact that the air-conditioning system guarantees a comfortable inside temperature of 70°F no matter what the weather is like outside, and the fact that, in addition to its three beautiful fountains, the mall has a quiet garden area with comfortable benches and chairs for the weary shopper, and one might well ask whether any criticisms at all should be leveled at this exciting project.

One that is sometimes voiced is that East End Mall is located outside of the city limits. However, even this disadvantage is offset by the regular, inexpensive bus service between the mall and the central bus
